

Customer Satisfaction is "Job 1"

Hello!

For those who want to know who is behind TB-Lion Media Presentations? I would like to introduce myself. My name is Tom Bender and I am the sole owner and creative designer of the business.

A few things to get to know me a little better. I enjoy spending time with my family, vacationing at the beach, watching Nascar, American Idol, and American Chopper. Video games and watching movies are a hobby and I also enjoy fishing. I play Guitar/Bass, write songs and even played in a band for three years while having the great opportunity to be live on the radio and step into the recording studio.

Recently, my wife and I started a Campus Ministry called "FOR-U Ministries" at Lebanon Valley College (check us out on Facebook) as a way to give back to the community and serve the students at LVC.

Serving the needs of others

I have over 25 years of customer service experience. My top priority is making sure my customers are extremely satisfied with the end result. One of the ways I exceed this goal is to work with my customers not just work for them. I share my creative ideas on line allowing them to see the project at every level of the design process. It is important to me to hear their feedback and I encourage the customers to be engaged in building the project with me. After all, these are memories you want to hold on to and never want to lose. It feels great to know you were part of something that you envisioned, and to be able to walk away feeling this was a great experience working with TB-Lion Media Presentations.

I have posted customer comments on our website. I have found there is no better way to know about a business then by what the customers are saying. Thank you for taking the time to learn more about me!

How can TB-Lion Media Presentations help?

Let's create something together that will be original, something that you will be able to be pass onto future generations and something that will be exactly what you wanted it to be.
